

The Parents Group continues to meet in Moate Community School and is knitting Easter chicks in aid of the Hospice.

Moate Community School has a well established Parents group which meet on a regular bases. The parents group was initially established as part of the HSCL Scheme and even though the school is on longer part of the HSCL Scheme the school and parents commitment has meant that the parents group has continued to grow. This year there are two new members to the group and the parents have been very busy. So far they have made Christmas cakes, completed felt craft projects eg. Ear rings, necklaces and pictures and are at the moment taking art classes under the watchful eye of local lady and parent Maggie Dolan.

Classes take place on a Tuesday morning in the parent's room in the school. It is a great opportunity to meet people, learn about the school and have a cup of tea and a chat. New members are always welcome and if you would like to join us anytime just give Carmel McCormack a ring at the school.

Over the last few years the parents group have knitted chicks each Easter and fund raised for the school and charities within the area. This year the parents are knitting for the Hospice and plan to have the chicks on sale in early March. This is great cause and knitting is a great way to relax so if there are any parents out there who would like to knit or join the group please feel welcome. Some of the teachers have taken up knitting and are contributing to the cause, if there is anybody who would like to become involved in knitting the chicks for such a worthy cause please contact Carmel McCormack at the school.
