

Moate Community School Student Care Team travel to Knock

On Tuesday 13th September 24 students and two teachers from Moate Community School travelled to Knock for a one day retreat. The student Care team

are a new group within the school led by teachers from the Religious Education Department. The purpose of the retreat was to offer the group of students who come from Transition Year, fifth year and sixth year the chance to get to know one another and to identify a common goal.

The day was a huge success even though the weather was extremely cold and bitter at times. With time to reflect and explore Knock the students really appreciated all aspects of the day. The Museum situated in Knock offered them a real insight into the past and the history that brought Knock to where it is today. Thanks to all that went and to the two teachers Ms. Mc Cormack and Ms. Prendergast.
